

Dear Customer

**Re: M42 junction 10 to junction 11 resurfacing and road markings.**

I'm writing to inform you of some upcoming maintenance works on the M42 near Tamworth.

This work will be carried out by our contractor, Kier, on our behalf.

**What we're doing and why? What are the benefits?**

We'll be resurfacing the M42 J10 northbound exit slip. The work has been identified following the deterioration of the carriageway. The work will also include the repainting of road markings, replacing road studs and new directional signage. The resurfaced exit slip will provide a smoother and safer surface for road users, and will extend the life of the road whilst minimising the need for future maintenance.

We'll also be repainting the road markings and replacing the road studs on the M42 between junction 10 and junction 11, northbound and southbound. The completed work will ensure there are clearer road markings and road studs which will provide a safer road.

**When will this work take place?**

To minimise disruption to our customers, the work will be delivered in phases as follows;

M42 junction 10 northbound exit slip resurfacing, we'll work from **Monday 1 June 2020 to Friday 12 June 2020, Monday to Friday, 9pm to 6am.**

M42 southbound junction 11 to junction 10 road markings, we'll work from **Monday 15 June 2020 to Friday 3 July 2020, Monday to Friday, 10pm to 6am.**

M42 northbound junction 10 to junction 11 road markings, we'll work from **Monday 6 July 2020 to Friday 24 July 2020, Monday to Friday, 10pm to 6am.**

**What does this mean for you**

During closures, we'll provide a fully signed diversion route. Emergency vehicles will have access through the work.

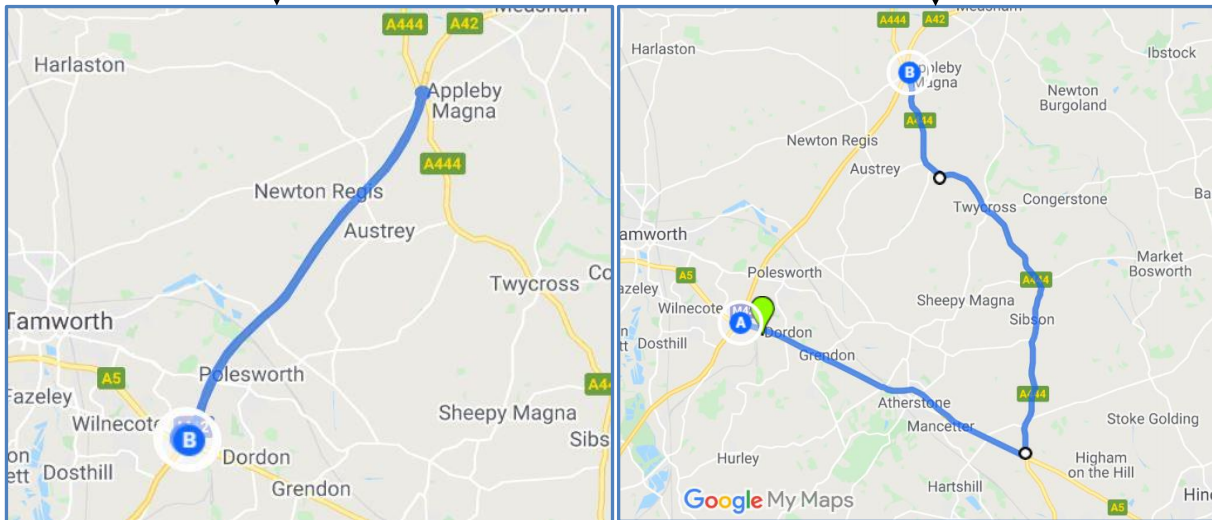

I have included the diversions on the rear of this page for your reference.

M42 junction 10 northbound exit slip diversion; traffic will continue to the M42 junction 11, and re-join the M42 junction 11 heading southbound.

M42 junction 10 to junction 11, northbound and southbound diversion; A5, A444- and vice versa.

I'd also like to apologise in advance for any inconvenience or disruption to those living close to the work. We'll make every effort to carefully manage noise levels and additional lighting to minimise the impact.

All our sites have strict safeguarding measures, in line with Public Health England guidance, to prevent the spread of COVID19 and none of our sites are open to the public, they are closely monitored, and the situation is kept under constant review.

We always apply the Government's latest advice. We have well tested contingency plans and our on-road teams, control room staff and the people who back them up are all working hard to maintain a safe road network whilst this work is carried out.
