

Road safety Steering Group meeting held on the 15th May 2026 at Tom Wollards property the meeting started at 7.30pm.

Agenda:

- 1) Election of office, Chair, Secretary, Vice Chair.
- 2) Demonstration on using the mVAS speed camera and downloading data.
- 3) Who is responsible for downloading data all speed signs.
- 4) School Governors letter reference speeding to be sent to LCC highways.

Minutes:

- Neal was elected Chair, Ellie was elected secretary, Vice chair will be named on the next meeting once decided it is either Des or Tom.

The steering group members: Neal, Tom, Des stood outside trying to connect to the speed camera outside Tom's property, we had issues trying to connect, so we asked parish council chair Rob Ward to meet us outside the old post office speed sign. Rob showed us the correct method downloading the data this was great thanks Rob.

Since then we have gathered data without issues we aim to print off this data and Neal will present to all Parish councilors on the next parish council meeting. The reason we decided that either Tom or Des, Neal, if anyone was away then others within the committee were able to download data.

Tom, suggested that a letter from the School governors and the head teacher to Leicestershire County Council Highways department, about speeding problem near the school hours between 7.30am and 9.00am. I can confirm that the speed camera near the school will be set at 20mph between the hours above. The letter is asking for a consideration on speeding during school hours. The next meeting will be held on

Date: 18th May 2026.
